AMEND Senate Bill No. 467*

House Bill No. 1913

by deleting all of the language following the enacting clause and by substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 49-5-601, is amended by adding new subdivisions (b)(4) and (b)(5) as follows:

(b)(4) The “terms and conditions of professional service” or “working conditions” of professional employees are those fundamental, basic or essential matters that affect a professional employee financially or the employee’s employment relationship with the board of education. While a board of education cannot be required to agree or concede to a proposal on terms and conditions or working conditions of employees, the board is required to meet, confer and bargain, unless the subject of a proposal is primarily a matter of basic education policy. “Basic education policy” shall be defined to include such things as the content of the curriculum, student class offerings, and other things related to the subject’s effect on the school system as a whole, as opposed to impact on, or the well-being of the individual teacher.

(b)(5) Notwithstanding other provisions of Title 49 to the contrary, directors of schools shall have the ultimate right to transfer all professional employees subject only to Section 49-2-303 and 49-5-510.
